Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Kingsburg Joint Union High School District (KJUHSD) has a longstanding tradition of excellence in academics, strong extracurricular programs, a dedicated and caring staff, an outstanding student body and involved parents and community. We value the importance of a holistic educational experience for all students. Students are expected to challenge their minds with the most rigorous academic programs, challenge their bodies with the discipline and team building experience of competitive sports programs, explore vocational and elective areas of study to find their interests and talents, and develop a sense of community service. Our goal is to help students develop personal responsibility and decision-making skills to prepare and plan for post-secondary education or vocational training.

The use of federal funds helps the district focus on students who struggle academically and are in need of additional support to meet the districtwide goals (academic achievement, positive and safe environment, student achievement, and transition to post-secondary schooling/training). For our small district, the use of federal funds helps support specific needs, such as specialized classes (Two year math classes and below grade level math class) for struggling students, promoting college awareness and preparation through the AVID program and the college and career center, school safety and professional development.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

As with all funding, the LEA will use money in a way that best supports student learning. Title I and Title II will focus on supporting low income, English Learners, and foster students by providing support classes and professional development for teachers to better support and engage students. Title IV money will focus on creating a safe environment and providing a well-rounded education for all students. The use of how money is spent is reviewed and discussed with parent groups (Parent Advisory Committee, School Site Council, and English Learner Advisory Committee).

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) - Not Applicable to Charters and Single School Districts.

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (https://www.cde.ca.gov/pd/ee/peat.asp) can help with this process. LEAs are required to specifically address the following at comparable sites:

- 1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
- 2. Does the LEA have an educator equity gap
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available here.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Kingsburg Joint Union High School District is comprised of one comprehensive high school, a continuation school and an independent study high school. In reviewing educator equality, the district reviewed CALPAD data, Dataquest and the master schedule. In reviewing data, the district first reviewed the enrollment data at each of the schools then reviewed teacher experience. As the district has three separate types of schools, the focus was on ensuring equity within the school.

The district's breakdown of ethnicity is as follows: 64.7% Hispanic, 29.01% White, 1.87% Asian, 2.37% two or more races and less than 2% of other races. The district has a low income population of 66.9%.

A breakdown of teaching experience is as follows: District- the average years in the district is 14.4 years, and 19.1 years of total teaching experience. Kingsburg High School- the average years in the district is 14.9 years, and 20.1 years of total teaching experience. Oasis High School- the average years in the district is 19.8 years, and 25.8 years of total teaching experience. Kingsburg Independent High School- the average years in the district is 12.5 years, and 14.5 years of total teaching experience. Overall the district had 53 tenured teachers, 3 probationary teachers, 2 temporary and 5 others which were our ROP CTE teachers. Probationary teachers teach both high and low level classes. In reviewing our low level English and math courses, they are taught by experienced teachers. English was taught by 3 teachers who had an average of 21.7 years experience with both being tenured teachers. In math: 4 tenured teachers, 1 probationary teacher with 18 years outside the district, (24.4 average years of experience) taught a total of 11 classes.

In response to the following questions:

- Are low-income students and minority students taught at higher rates than other students by ineffective/misassigned teachers? The district did not have any missassigned teachers.
- Are low-income students and minority students taught at higher rates than other students by out-of-field teachers? The district did not have any out-of-field teachers.
- Are low-income students and minority students taught at higher rates than other students by inexperienced teachers? The district has two teachers who are inexperienced, low-income and minority students are not taught at a higher rate.

At district and school educational partner meetings, data regarding teacher experience is discussed. The district does not have a discrepancy in regards to low income or minority students. The district has been able to maintain a highly experienced teaching staff.

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Kingsburg Joint Union High School District values parental and family engagement. Our district is in a small town and the district serves as the town hub for activities. Parents are involved in the school and district in many ways, through parent committees (ELAC/DELAC, PAC, School Site Council, Curriculum Council), booster organizations (sports, band, music, agriculture), and parent nights (Back to School, Freshman Orientation, Sophomore/Junior Night, Senior Survival Night, College Night, FAFSA Night).

Communication with parents has been an increased focus of the LCAP. The district has a communication system that allows parents to be informed of school information through text, email, and/or phone message. This system also allows teachers to send direct messages to parents about student progress and upcoming projects. This new system will translate the messages into the home language of the student. If the parent wants to respond to the message, they can type in their own language and it will be translated to English. The district and school sites continue to improve their website to provide additional information. The district now also has a Facebook page to alert families and community of school events.

To get input from parents and community, a parent/community survey is completed every year, as well as multiple parent nights to provide and get input on the districts future needs. In addition, since the town is so small, parents and community frequently stop teachers and administration at events to discuss concerns or offer congratulations on successes.

The LEA works to help inform parents on how to help their students through multiple levels. At parent meetings mentioned above, parents are informed about the requirements to be college ready, the application process including FAFSA, and supports available to students in both academic and mental health. Our counselors and administration hold parent student meetings for both academic and mental health reasons. At these meetings, parents are provided information on how to support their child in being more successful.

As a small district, many meetings necessary for both federal and state requirements are held at the same time.

The family engagement policy is reviewed at stakeholder meetings as well as discussed at board meetings. The policy is located on the school websites and is available to parents upon request.

The LEA provides assistance to parents in understanding academic standards, assessments and how to monitor students progress in a variety of ways. In regards to state assessments, the district sends home information on how parents can support their child with statewide testing, including the state website for students to practice. At parent events such as Back to School or grade level nights, parents are introduced to their parent portal and how to access student grades as well as where they can contact teachers regarding grades. Also, parent meetings are set up with school counselors to review students progress.

The LEA at staff meetings throughout the year, discuss the importance of parent involvement. With the addition of the parent communication tool that translates messages into home language, teachers are better able to communicate with parents. Each teacher has their own voicemail system for parents to leave messages, though most parents continue to communicate more by email. Parents have multiple ways to work with the school through the numerous booster programs on campus. These opportunities allow the school and parents to build better programs that support students. Through our LCAP parent survey, the LEA asks for feedback from parents on how to better engage parents and the overwhelming response is that they feel they are able to discuss concerns and feel their input is valued.

As mentioned earlier, parents have a variety of opportunities to become involved. Communication with parents has increased with our communication system. For parent meetings, a notice is sent home to parents by email, text, or phone call depending on the method chosen by them and in their home language, information is posted on the school marquee, and information posted on the school and district websites. School reports are sent home in English and Spanish. Parent survey is sent home to all parents yearly to get input on school progress, areas of concern, and ways to improve parent engagement. To engage parents or family members with disabilities, we inform parents that we will accommodate their needs if they inform us. On meeting notices we include a statement about contacting the school if accommodations are needed. To help accommodate parents for meetings, we have made home visits or held meetings over the phone so parents can be involved with their student's education. Parents have the opportunity to participate in district and school meetings through Zoom if requested. For migrant students, though we do not have any, we communicate when they leave and return and ensure they receive partial credits.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

SWP: Kingsburg Joint Union High School District provides support for students using a schoolwide program model based on the percentage of low income students in our schools. As part of our annual review of data (tied to our LCAP), students in need of supplemental support are identified and provided with the support needed to progress toward meeting standards. The district provides intervention classes for students struggling in math and English and well as after school tutoring with transportation. The district contracts with the county to address delinquent students in a community day school program. When the students return from these programs, a meeting is held and student placed on a contract so the student receives the support needed to be successful.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Kingsburg Joint Union High School District works with students to make sure their needs are met. During the enrollment process, students are enrolled immediately even if they may not have all of their documentation. The registrar works with the previous school to ensure proper credits are given and makes every effort to match previous classes. Student transcripts are reviewed for any student who changed schools during their junior or senior year to see if they can qualify for the minimum graduation requirements. The school's Student Body account person will meet with students in private, discussing they can come to her if they are in need. Students are provided financial assistance with senior activities, clothing, school supplies, and food when necessary. We also work closely with a local agency that can provide additional food, clothing, and counseling support for the families. Throughout the year, counselors will review the students' records ensure they are making adequate progress towards graduation, including follow up if there are attendance issues. The district also works with the county who will send a representative to help provide additional services related to graduation and post secondary options. Students are asked yearly if they would like to receive this service. As part of the reserved funds to support homeless children, instructional aides are in the classroom to support students and transportation for after school tutoring is available.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A-B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Kingsburg Joint Union High School District's mission is to ensure all students are prepared for post-secondary options. The district has a full-time college and career teacher that meets with students each year to help focus students with what is needed to be successful in college and career, the steps needed to get into college, and to help seniors navigate college applications and FAFSA. Yearly, the district offers a College/Career day in the fall where colleges (4-year, community college, vocational), military, and local businesses have booths set up with representatives for students to consult with. In the fall and spring, the district offers financial aide nights to help parents complete the FAFSA. In addition, students throughout the year an opportunity to listen to guest speakers about different career options they are interested in.

Academically, students have the opportunity to take AP classes or dual enrollment classes to enter college with credits already completed. We also have students who take community college classes in addition to their high school classes. Some ROP classes give students the opportunity to earn certifications to begin working in career fields (CNA, Wildland Fire, Automotive, Aviation, Intro to Teaching, Agriculture, construction/manufacturing).

Kingsburg Joint Union High School District uses data collected and analyzed through the metrics collected for LCAP, local data, and educational partner input through meetings and surveys to drive professional development. Professional development offered by the district is designed to support staff in the most effective way. This can include all-staff trainings, train the trainer models, individual/group staff attending off-site trainings, or professional learning time during late start on Mondays.

A focus of our students being college and career ready drives the majority of the district's professional development. This training includes AVID, AP, NGSS, supporting reading and writing in all subjects, Reading Apprenticeship, social emotional learning, and others. Teachers are encouraged to attend trainings and then bring back what they learned to share with their colleagues.

As the district is a one-to-one school, professional development for staff on how to use technology to enhance their instruction has been implemented and continues to occur. In addition to how to use technology to enhance instruction, a focus has been on online safety and responsibility for both our staff and our students. Technology-based professional development will continue yearly.

Preparing our new and inexperienced teachers is essential in helping develop a teaching staff that is prepared to meet the needs of all students. The district supports inexperienced teachers through the induction program offered through the county. This program matches the inexperienced teacher with a mentor teacher on campus. In addition, the district offers all new teachers to the district, but arriving with teaching experience a partnership with a colleague to guide them through their first year in our district to support them in learning district polices.

Professional development is offered to both district and site administration and counselors to ensure they have the most recent strategies and skills to support students.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

Address these questions:

1. Please describe the LEA's process for determining Title II, Part A funding among the schools it serves.

- 2. Please describe how the LEA determines funding that prioritizes CSI and TSI schools and schools serving the highest percentage of children counted under Section 1124(c).
- Please describe how CSI and TSI schools and schools that have the highest percentage of children counted under Section 1124(c) that the LEA serves receive priority in Title II, Part A funding decisions compared to other schools the LEA serves.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Kingsburg Joint Union High School goals in the LCAP focus on ensuring students are college and career ready, have a positive and safe environment to learn, and provide professional development for teachers to help achieve these goals. The district reviews data and input from educational partners to help focus specific professional development yearly. As a single school district with one comprehensive high school, one continuation school and one independent study school, professional development is provided to all teachers that will work towards closing the achievement gap of low income students and students at risk. If a specific school is designated as CSI or TSI, then the district will see the area of need and provide specific training for that area to those teachers in the school. Priority of funds and distribution of funds would also be based on the size of the school and student population. Professional development would also occur with administration to help build and support them in supporting the high need students. The district will continue to prioritize funds to support the goal of all students being college and career ready. OHS is a CSI school due to high suspension. The district has targeted specific professional development based on their need. Though since we are a small district with one comprehensive high school, one continuation and one independent study, all sites benefit from training that is brought in.

Data and Ongoing Consultation to Support Continuous Improvement ESSA SECTION 2102(b)(2)(D)

Kingsburg Joint Union High School District uses data collected and analyzed through the metrics collected for LCAP, local data, and educational partner input through meetings and surveys to drive professional development. Educational partner meetings (District Advisory Committee, School Site Council, ELAC/DELAC) are held 4 times a year, curriculum council meets monthly and data is presented at board meetings throughout the year. An annual survey is given to all educational partners to gain knowledge and a deeper understanding of student engagement. Throughout the year, departments have time to collaborate and look at student data to help drive what they need. PLC meetings are held monthly and benchmark are given and data reviewed on student progress. Monthly department chairs meet with administration to review data and provide feedback on areas of need and support. If during the year data or input from teachers demonstrates that the district needs to adjust the focus of professional development for the betterment of students, the district will make those adjustments.
